

## Hot Tip #11

# How to Earn Credit on Your Phone Bill.

Now, not only will your business associates benefit from our services, so will YOU ! With the ITS Client Referral Program you can easily and conveniently earn free service by submitting customer referrals.

For EVERY referral that becomes a \*New Client, ITS will issue you a credit for the amount equal to the referred customer's first full month bill (*less any set up fees and taxes*). All you need to do is submit your referrals on-line and once the referral becomes a \*New Client, you will receive a credit on your phone bill.

To submit a referral now, or to review complete program details, please visit our website at <http://www.its-omni.com/overview.htm>

It is so easy to participate, so start calling all your business associates, friends, and family members who own or manage a business and tell them TODAY!

\*New Client for the purposes of the Client Referral Program is defined as a client that signs up for one of the eligible products or services for a minimum two-year term. If New Client leaves services within the first six months, bill credit for the amount of the referral credit originally issued will be retracted. Your credit will appear on the bill the month following the referred clients first full month bill. Due to set-up timelines, depending on the type of service provided, this could be up to 90-days beyond the original submission of referral.
